Hello everyone,

<<REMOVE THIS SENTENCE AND THE NEXT SECTION IF YOU DO NOT WANT STUDENTS TO SEE THEIR ANSWERS, OR CORRECT ANSWERS>>

You can access your results and other information using the **Quizzes** tool. To do this, follow the instructions below. Alternatively, [this document](#) provides step-by-step instructions explaining how to access and interpret your results.

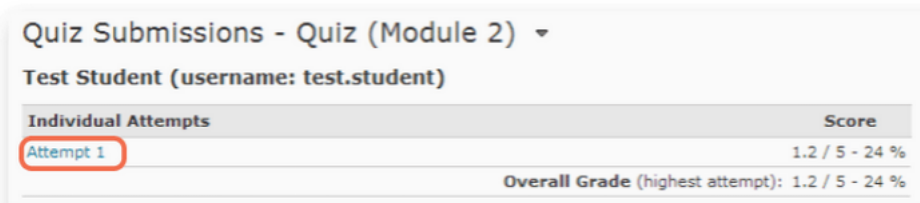

To check your results, select the **Quizzes** tool from the MyLO toolbar. It appears just under the MyLO and UTAS logos, and looks like this.

Once the **Quizzes** tool has opened, locate the quiz and click on the dropdown arrow that appears next to it. Select the **Submissions** option.

You will see the number of attempts you have completed, along with your score for the quiz to the right. To see <<REMOVE ANY OPTIONS THAT DO NOT APPLY>> your answers and the correct answers, click on the attempt number (this will generally be *Attempt 1*).

<<REMOVE THIS SENTENCE AND THE NEXT SECTION IF THE QUIZ RESULTS WILL NOT BE REPORTED TO THE GRADES TOOL/YOU DO NOT WANT STUDENTS TO SEE THEIR RESULTS IN THE GRADES TOOL>>

You can quickly view your overall grade for the quiz (without feedback or correct answers) in the **Grades** tool. To access this, select the **Grades** tool from the MyLO toolbar. It appears just under the MyLO and UTAS logos, and looks like this.

When you arrive at the **Grades** tool, you should see the quiz name. Your score and grade will appear to the right hand side, similar to the picture seen below.
