

Students submit the same assessment task at different times

Visual example:

IN MANAGE GRADES VIEW

Note: Note that each *Grade Item* is worth 100%, as students will only have to deliver their presentation during only one of the nominated weeks.

Grade Item	Type	Association	Max. Points	Weight
Assessment 1 Presentation ▾				10
Week 5 Presentations ▾	Numeric	Dropbox ⓘ	10	100
Week 6 Presentation ▾	Numeric	Dropbox ⓘ	10	100
Week 7 Presentation ▾	Numeric	Dropbox ⓘ	10	100
Week 8 Presentation ▾	Numeric	Dropbox ⓘ	10	100

Category Name

Grade Items linked to the Category are shown as indented.

Students are marked out of 10. As students only submit one presentation, the weight of each *Grade Item* is set to 100% (e.g. one presentation is worth 100% of 10%)

Category is worth 10% of the unit.

IN ENTER GRADES VIEW

Note: In this example, the marker has chosen to see the *Points*, *Weighted* and *Grade Scheme* results for each student. The *Subtotal* shows the calculation of the students' overall mark for the assessment task.

Note that each student only has a grade recorded in only one *Grade Item* column. All other columns are left empty for that student (e.g. no grade is recorded).
